

Celebrating World Immunisation Week 24 – 30 April 2021

Vaccines Bring Us Closer

BCHC immunisation team is happy to announce we are back in schools seeing the children and giving vaccinations, following all Government guidelines.

- Year 8 pupils - HPV vaccinations
- Year 9 pupils - teenage booster vaccinations

To ensure your child gets the opportunity to have the vaccinations, please return your completed consent form to school as soon as possible.

The team has been working hard throughout the pandemic, successfully running community clinics, and continues to do so.

If you have an older child in school year 10 or 11 and think they may have missed their vaccinations due to the COVID-19 pandemic, please contact us below to arrange a community clinic appointment as we are unsure whether we will be able to see all these children in school.
